**Report Title:** 2025 Q1 Report – Environmental Services

## **BACKGROUND:**

The quarterly report has been developed to provide interim updates on activities as an ongoing effort to be able to communicate the activities, initiatives, and impact of the Department to Council and the Municipality's ratepayers.

## **ANALYSIS:**

Environmental Services is overseen by the Public Works Department which consists of the daily operations of waste diversion, collection, wastewater infrastructure and landfill operations. The Department operates in accordance with the Ministry of Environment, Conservation and Parks; policies, procedures, and approvals to provide safe and sustainable programs and services that support environmental protection.

### **Environmental Services operations consist of:**

- Waste acceptance at the Landfill.
- Recycling collection on Musky Island Road / Boundary Roads.
- Monitoring and coordinating the diversion of – metal, electronics, paint, batteries, lighting, and tires.
- Managing Landfill waste cell (pushing and covering waste).

## Environmental Services 2025 First Quarter Report
